CESifo, the Center of Public and International Economics (CEPIE) at TU Dresden and the ifo Institute, Dresden Branch, will jointly organize the 18<sup>th</sup> workshop on Political Economy. In the tradition of the previous workshops, the conference will take place in Saxony's capital Dresden. The two-day workshop will serve as a forum to present current research results in political economy and will give researchers the opportunity to network.

The workshop invites the submission of papers from all fields of political economy; both theoretical and empirical studies are welcome.

CESifo will sponsor the conference dinner on Friday evening. Selected papers presented at the conference will appear in the CESifo Working Paper Series. As the workshop intends to build a network in this research area, participation is welcome even without paper contributions.
